

Rehabilitation Technician

20-29 hours/week, \$11.00/hour, paid leave, partial to full benefits

Native American Liaison Program

Zuni/surrounding Pueblos

Rehabilitation Technicians are needed in the Zuni area, including the surrounding Pueblos and Tribe, to serve as a liaison between tribal communities, service providers and Division of Vocational Rehabilitation field office(s). The Rehabilitation Technician compiles, verifies and records client data in a vocational rehabilitation setting. He/she assists in providing information and referral, vocational goal setting, implementation of an Individual Plan for Employment, job placement and follow-up. He/she also serves as a liaison between tribal communities, service providers and the local DVR field office. The Rehabilitation Technician may be a staff member or a contracted service provider.

Requirements: HS/GED or experience working with people with disabilities is required. A criminal background check, valid driver's license, driver record check and reliable transportation are also required. Experience in a vocational rehabilitation setting is helpful; familiarity with local tribal cultures is preferred.

New Vistas will provide a wireless phone and reimburse mileage at .46/mile. The candidate selected will work with the Rehabilitation Technician assigned in the area for training and support.

To apply for this position please send resume with cover letter to:
